Fold over  
central leaf (but not front leaf),  
then tape tip of tab down inside the sheath.

TRIM OFF

tape tab in this position on  
opposite side

## MENTUS

Attribute representing mental existence. For living entities, represents mental life. Reflects four main Mental Traits and Opportunity.

### ACUITY (ACU)

Alertness, speed of thought, mental reaction time.

### MEMORY (MEM)

Recall of experiences in the past, degree of detail in which things are remembered.

### REASONING (REA)

Logical, deductive, rational thought; learned anticipation, pattern recognition.

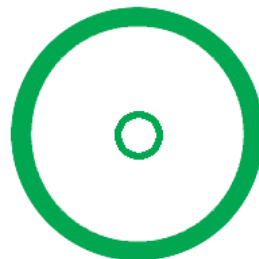

### ABSTRACTION (ABS)

Imagination, creative problem solving, inductive thought.

### OPPORTUNITY (OPP)

Opp is a kind of currency of action. Each race has a maximum Opp and an amount of Opp recovered each turn. Game elements that require Opp (such as Artifacts, Combat Effects, and Spell Cards) usually indicate right on the component how much Opp must be dialed down on the counter.

### Attribute Sheath

Folds to create

A vertical sheath with viewing window

A storage pocket on the right side

Vertical sheath houses the "Attribute Slider."

Side pocket holds different things...

Corpus holds: Character/Race Cards

Mentus holds: Opp Counter

Spiritus holds: Psyche Counter

### Assembly

Cut out along perimeter of this trifold;

Left edge may not print full-bleed,

Cut out central viewing window;

Fold along dashed lines:

3 vertical edges to make 3 leafs + 1 tab;

2 horizontal tabs for pocket top/bottom;

Fold tabs over *this* leaf;

Tape tabs down inside the sheath

(on other side of *this* leaf).

tape tab in this position  
on opposite side

Fold into side pocket to help reinforce edge.
